## Episode 4

## Matt Helmers, Iowa State University

A Venn diagram helps you compare two things. Compare wetlands and ponds. In the outer parts of the circles write things about ponds and wetlands that are different. In the part where the circles overlap, write things that are alike in wetlands and ponds. Add any other words you can think of to the diagram.

	POND	ВОТН	WETLAND	
shallow could be deep boating dragonflies people swimming insects frogs minnows denitrification large mammals salamanders birds slow water movement fishing submerged plants				
Summarize the differen	nces and similari	ties below.		
Fill in the blanks with t	nment, slow, soi	l, water	They	
down	and r	remove harmful th	ings like	_
from both		and		
What animal was Char	lie thinking abou	t? Does it live in w	etlands? Why or why not?
